

Mrs. M's Classroom Newsletter

THIS WEEK'S HIGHLIGHTS

READING-

Story- What About Me p.28

Skills- Sequence of events is the order in which things happen in a story—what happens first, next, and last. Picturing the story in your mind as you read may help you remember the order of events.

MATH-

Ch. 1 Place Value-This chapter will remind the students that there are different ways to write numbers. They will also be learning how to find patterns on a hundreds chart and how to line numbers up in their correct place value. Ex. For the number 230- there are 2 hundreds, 3 tens, and 0 ones. They will begin to round this week as well.

LANGUAGE-

Subject and Predicate & Fables- A sentence tells a complete idea with a subject and predicate. A subject tells who or what the sentence is about. A predicate tells what the subject is or does. Students will read examples of Fables and write one of their own.

SCIENCE/S.S.-

Daily Science & Geography, Lesson 1 How Living Things are Alike- Students will work on their Daily S and G packets at school or at home. They can turn in their work as soon as they finish, but it is not due until Friday. Students will start the first lesson in the Science book.

Reminders to Parents

-Shop Online: scholastic.com/readingclub

One-Time Class Activation Code: GZRYL

Encouraging reading is one of the most important things we can do to help your child succeed. It can be tough finding the right books to keep them interested, which is why I am so excited that our class will be participating in Scholastic Reading Club this school year. Each month, your child will bring home Reading Club flyers. Together you can choose from books hand-selected by teachers and experts, and then order online or send your order form and payment to me. Thank you for your support,

- VISIT scholastic.com/readingclub
- ENTER the one-time Class Activation Code (top of this letter)
- SHOP from a carefully curated selection of the best books and value packs
- SUBMIT your order and earn FREE Books for our classroom
- All book orders will be shipped to our classroom so we can celebrate the joy of reading together!

WHAT YOU COULD DO AT HOME:

Reading At Home Activity. Think about one of your skills. Are you a good helper in preparing dinner? Can you change your own bicycle tire? Take turns explaining the steps needed to do the task correctly in the order in which they must occur.

Math At Home Activity: Travel Talk Have your child look for signs and billboards with numbers to 1,000. Ask: What is this number rounded to the nearest ten? or hundred?
